P.O. Box : 232847.

Al Qusais, Industrial Area No. 1, Warehouse No. 20, Dubai-UAE.

# INTRODUCTION

AATCO General Trading LLC is a Dubai-based general trading company located in Al Qusais Industrial Area 1, United Arab Emirates.

We are a trusted importer, distributor, and authorized agent representing well-established brands across the Middle East and the Indian subcontinent. Through years of industry experience, AATCO has developed a strong market presence supported by a wide distribution network and reliable global partnerships.

Our product range covers building materials, industrial tools, oilfield and marine cutting and grinding abrasives, fasteners, precision tools, automotive care products, safety equipment, and related solutions. In addition, we supply AGT-Force non-sparking tools, specifically designed for use in hazardous and explosive environments such as oil & gas, petrochemical, and industrial facilities. Most of our offerings are sourced from reputable Western European manufacturers, ensuring superior quality, durability, and performance.

We also supply AGT-Force Construction Rebar and Rebar Couplers, along with related construction accessories, engineered for high-strength reinforced concrete applications in residential, commercial, and infrastructure projects.

Customer satisfaction remains our highest priority. We maintain this standard through strict quality control systems, an efficient and dependable supply chain, and dedicated customer support. Beyond product delivery, we place great emphasis on responsive after-sales service and long-term client relationships.

Our ability to adapt to changing market demands, combined with our commitment to service excellence, has enabled us to succeed in a highly competitive environment. We value the trust of our customers and the continued support of our business partners.

For additional information or specific requirements, our team will be pleased to assist you.

**“Excellence isn't accidental—it's our daily commitment to quality design that builds brands worth remembering.”**

### RU25

- 16.000 N clamping force
- Height-adjustable power unit with double dovetail guide
- Right-/ left-handed rotation
- 2-speed gearbox
- Speed controller
- High-performance motor
- Light and handy

### RU40

- 20.000 N clamping force
  - Height-adjustable power unit with double dovetail guide
  - Right-/ left-handed rotation
  - 4-speed gearbox
  - Speed controller
  - High-performance motor
  - Standard fine adjustment stabilised
- Displaceability:  $\pm 10$  mm  
Pivoting range:  $\pm 30^\circ$
